
A 10x10 grid with a black line segment and a shaded triangle. The line segment starts at the intersection of the 3rd vertical line and the 6th horizontal line, and extends diagonally down to the intersection of the 6th vertical line and the 10th horizontal line. A shaded triangle is located in the bottom right corner, with vertices at the intersection of the 6th vertical line and the 10th horizontal line, the intersection of the 10th vertical line and the 10th horizontal line, and the intersection of the 10th vertical line and the 9th horizontal line.
